Subject: RE: Request to hold yard sale
Importance: High

Hi Christine,

I have not had a chance to have this reviewed by the Police or the Library folks, as I was on vacation out of state. However, I think we can accommodate the event. Please have Alyssa contact me directly if the Selectmen approve of the event, and we can work out the details.

Regards,

Dean

Dean, Please give my your comments for Board Action.

Chris

May 10, 2007

To Whom It May Concern,

Relay For Life is a wonderful event that raises awareness of cancer in the community to support the programs of cancer research, education, advocacy, and patient services of the American Cancer Society. As an overnight event, Relay is a walk that allows friends and family to gather together and have fun. The fundraising event commemorates the survivors of cancer, supports those who are fighting cancer, and remembers those who have died from cancer.

In the past few months, my Relay For Life Team, the Ice Breakers, have organized several fundraisers to raise money for Relay. We have walked in various neighborhoods asking

5/12/2008

for donations and have participated in the fundraising outside of Roche Bros. We each have a minimum goal of \$150- most of us are near that goal or have passed it.

On Saturday, May 24th, my team and I would like to hold a yard sale to benefit Relay. We would be selling several items, from toys to books to miscellaneous household items. Baked goods would also be sold, such as brownies or cookies.

I request permission from the Department of Municipal Properties to hold this yard sale in the area in front of the Acton Memorial Library.

Thank you for your help!

Sincerely,
Alyssa Zhu
